## Steps To Success

### Where to begin

**“What do I want to gain from Landscaping?”**

Thinking clearly about your expectations will help you avoid any future disappointment.

**“What ideas do I have?”**

What you desire and appreciate are important factors in achieving a quality landscape. Examine your existing yard & gardens and consider what you like and do not like about them.

**“How much should I budget for my landscape?”**

A quality landscape will contribute as much as 15% additional value to the equity of your home. Consider investing between 5% and 10% of the value of your home.

**Before the Consultation, ask yourself these questions:**

- How much space would you like your landscape plantings to cover?
- How much of your total landscaping do you plan to have done now and how much in the future?
- Are you interested in a care free landscape or a garden you can enjoy tending?
- What portions of your landscape are high use areas?
- Are there any plants that you want to have or that you want to avoid?
- What color schemes do you want or not want for the flowering plants in your landscape?
- Do you want your landscape to provide shade or contain low-growing plants?

**What to bring with you for your first consultation?**

- Survey or digital pictures.
- Measurements of area to be planted
- Sun Exposure
- Soil Conditions

**What are the costs?**

Design Fee: \$150.00

Includes: Front yard and one side of house, or Back yard and one side

At the time the design is complete. A \$50.00 Gift Card will be given to you for use towards the purchase of your plants.

**What do you get in return?**

- Landscape design sketch
- One original and one copy
- Premium plant selections
- Maintenance guide for plants selected
- 7 days a week customer support
- Guaranteed 100% Success with our one year warranty.
- Follow-up customer satisfaction
